Subject: Natural Gas and Oil Production Facilities - Permit/SIP/FIP Requirements Narrative
Attachments: State summaries Narrative .docx

Hello Chris,

I hope all is well and you had a nice weekend. See attached for a compilation of the state that both Angelica and I worked on to create a narrative of the state permit requirements for natural gas and oil production facilities. Let us know if anything else is needed or if you would like to take this in a different direction. We are available to discuss this project in person as well.

Best Regards,
Vani Nayyar
